

Allen L Dollar, M.D.

Assistant Professor
1525 Clifton Road

aldolla@emory.edu

Bio

Dr. Dollar received his Bachelor's of Science degree in 1981 from Georgetown University and in 1985 he received his MD degree from the University of Maryland. After an Internship in Internal Medicine at the University of Maryland Hospital, Dr. Dollar completed his Residency in Internal Medicine at the Washington Hospital Center in Washington, DC in 1988. Dr. Dollar then went on to a Fellowship in Cardiology at the National Institutes of Health and at the Washington Hospital Center which he completed in 1992. Dr. Dollar then moved to Georgia where he entered private practice. In 2005, after 13 years in practice with Cardiology of Georgia, PC at Piedmont Hospital, Dr. Dollar left practice to pursue a career in academia at Emory.

Research

Clinical

Dr. Dollar's clinical practice with Emory is in the section of General and Preventive Cardiology in the 1525 Clifton Road building on Emory's main campus. Dr. Dollar sees patients in the office four days per week. He also serves as an attending cardiologist at Emory University Hospital where he also performs cardiac catheterizations and transesophageal echocardiography. Dr. Dollar spends part of his time at Grady Memorial Hospital where he serves as the Medical Director of the Cardiac Catheterization Laboratory.

Teaching

All of Dr. Dollar's clinical practice is carried out in the context of teaching cardiology fellows, internal medicine residents, and medical students. Additionally, Dr. Dollar is active in teaching cardiology fellows in the catheterization laboratory and in a variety of conferences.
